Dear Barbara,

Thank you for your letter which I received when I returned home on Monday. I would just like to say 'Thank you' for all the arrangements you made, to help our visit to Poland go well.

As you will know, both Jude and I are delighted with our treatment and feel so pleased to look how we did a short while ago - not beautiful, but certainly OK! We are definitely walking adverts for your cosmetic business and if we can put any customers your way I am sure we will.

As Jude mentioned, I think it would be better to come and see you later in

November - this would certainly suit us better. Overall, the Poland experience has been wonderful and Jude and I are grateful for having had the experience. Our thanks to you and Steve. Kind regards,

Dorothy.

P.S. I am sending a card to Dr. Jakowicz to you, but I think you will need to translate!
