Dear Barbara,

I am so delighted with my facelift surgery. I look 10 years younger and feel fantastic, I had lost so much of my self confidence due to lines and wrinkles and was feeling old and unattractive. Barbara Thurgood & Co. have given me back the fun of feeling young again. The whole Poland experience was great and went so smoothly, I received wonderful care at the clinic from the surgeon and nursing staff also enjoyed the beautiful surroundings to recover in. I could not fault it. So if you are considering treating yourself to a facelift go ahead, you definitely will not be sorry!
